

## Alumni Panel

# Understanding the Financial Services Industry

Monday, December 1  
7:15-8:30 p.m.

Public Policy Building 208

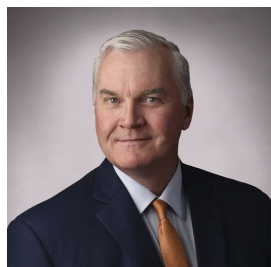

How do you get on the path to a career in the Financial Services Industry? What do you actually do in the Financial Services Industry? How does financial market volatility and uncertainty affect investors and clients? Answers to these and other questions will be provided at a panel discussion with distinguished UMBC alumni. Professor Douglas Lamdin, Economics, will moderate the discussion. Q&A and informal networking will follow the discussion.
